MEMORANDUM FOR: Chairman, National Intelligence Council
Vice-Chairman, National Intelligence Council
National Intelligence Officer, NESA

FROM: Director of Central Intelligence

SUBJECT: Iran Estimate

Bob Gates has read the Iran Estimate and agrees with me that we should proceed with Graham Fuller's paper as the basic document drawing in the economic material from the Estimate and any other material that would add to it. The Estimate probably contains too much detail on the Iran-Iraq war. The policymakers are not worried about the order of power and the forces at play at this stage.
